General Data

Specifications	JK 60	JK 60 XL	JK 60 DW	JK 60 DWXL	
Tank Capacity	60	60	60	60	US GAL.
Heating Surface	9,82	13,09	10,8	14,4	SQ.FT.
Coil Length	30	40	30	40	FT.
Shipping Weight					LBS.

**DIMENSIONS - J-SERIES & XL**

CONNECTIONS	Type	JK 60	JK 60 XL	JK 60 DW	JK 60 DWXL
A - Hot water outlet	nipple	3/4"	3/4"	3/4"	3/4"
B - Cold water inlet	coupler	3/4"	3/4"	3/4"	3/4"
C - Supply from boiler	nipple	1 1/4"	1 1/4"	1 1/4"	1 1/4"
D - Return to boiler	nipple	1 1/4"	1 1/4"	1 1/4"	1 1/4"
E - Aquastat	coupler	1/2"	1/2"	1/2"	1/2"
F - Drain	coupler	3/4"	3/4"	3/4"	3/4"
G - Temperature gauge	surface mount				
H - Pressure relief	coupler	3/4"	3/4"	3/4"	3/4"

Overall	JK 60	JK 60 XL	JK 60 DW	JK 60 DWXL
V	9 1/2"	9 1/2"	9 1/2"	9 1/2"
W	27"	27"	27"	27"
X	9 1/4"	9 1/2"	9 1/4"	9 1/4"
Y	16 1/2"	16 1/2"	16 1/2"	16 1/2"
Z	39"	39"	39"	39"

**THE J-SERIES TANK FEATURES**

Complete package with aquastat, temperature gauge, temp-pressure relief valve and tee drain valve

100% high quality 316L stainless steel construction

High capacity storage for commercial and industrial applications

Designed for quick and simple installation

Powder coated steel jacket for high quality finish and durability

Non-toxic fibreglass insulation

Customized tanks available upon request

\*\*\*Passivated treatment for maximum corrosion resistance\*\*\*

**Ideal for low head  
 room areas  
 (crawl space or under  
 stairs)**
